- Irene Hannon, page 12
- Plus Christine's "New & Recommended" Picks, page 29

Dear Friend,

'Tis the season to be . . . well, stressed out. But that's where, as a fiction fan, you have two big advantages. First, it's a lot easier to find gifts when you take joy in matching "just the right story" with "just the right friend." Second, when the book matchmaking is done, you can curl up with your *own* escape books, press "mute" on the commercial clamor all around you, and enjoy Thanksgiving and Advent!

So here are a few recommendations to jump-start your list-making. For armchair attorneys who can't resist a great page-turner: Robert Whitlow's *Chosen People* on page 14. For history buffs, Inklings fans, and Anglophiles: *Becoming Mrs. Lewis* on page 29. For dog lovers and anyone seeking an Amish "retreat": Shelley Shepard Gray's *His Promise* on page 8. And for all of you who feel like the Baxters are part of *your* extended family: Karen Kingsbury's eagerly awaited *When We Were Young* on page 3.

Wishing you a stress-free holiday season—and a Merry Christmas!

Christine

The Baxter Family Series

Noah and Emily Carter's marriage is on the rocks—but it wasn't supposed to end this way. From their first meeting at Indiana University to their stunning engagement and lavish wedding, the all-star Hoosier quarterback and his beautiful lady were the perfect couple. Noah had their future all planned. In spite of the multiple concussions he suffered on the gridiron, he hoped to pursue his NFL dreams and take Emily and her disabled sister, Clara, with him when he was drafted. But his severe migraines, his doctors' warnings against playing professional football, and his love for Emily convinced him to follow a different path.

Noah and Emily cherish their love, and they want the world to know it. Since the day Noah proposed on bended knee, they've been sharing every detail of their personal life—from what they say and do to the way they parent their son and daughter—with more than a million adoring followers on their Instagram account@*When_We_Were_Young*. At first, they enjoy their fame and the extra income from advertisers that supplements Noah's earnings as an EMT. But Noah's egotistical obsession ruins everything. Behind his carefully staged photos and entertaining posts, their happily-ever-after marriage is an illusion.

On the night before Noah moves out, a distraught Emily reaches out to her friend Kari Baxter Taylor to tell her the truth: she and Noah have decided to call it quits. Kari prays for a miracle, but she also knows that she needs one for herself. She and her husband, Ryan, are dealing with their own crisis—one that could change their relationship forever.

Meanwhile, his head throbbing from a migraine, Noah goes to bed for the last time in the house he and Emily share. He thinks he's ready to start his life over without his wife and children. But when he wakes up in the morning, everything is different! He's in an unfamiliar room. In a photo on his dresser, his kids appear older—and so does *he* when he looks in the mirror. What's happened? Large chunks of time seem to be missing from his memory. He desperately wants to turn back the clock, but it would take a miracle to return to yesterday. Will God somehow restore his wife and family to him?

From best-selling author Karen Kingsbury comes a classic story of the power of true love and second chances. Approx. 350 pages each, hardcovers from Howard.

Golden Gate Secrets Series

In the spring of 1906, everything in San Francisco smells like smoke. The city has been rocked by a terrible earthquake followed by fires, and so many people are still listed as "missing" while relatives worry about their fate.

Judith, Kenzie, and Camriann originally came to San Francisco to solve separate mysteries. But now, given the enormity of the tragedy, they decide to work together. In such extraordinary times what matters most is offering comfort to the homeless and displaced—even if they can only provide a cot, a warm blanket, and some watery soup.

In *In Times Gone By,* their work is underway when both Dr. Micah Fisher and Kenzie's ex-fiancé, Arthur, begin to pursue her. But she's a long way from trusting Micah, and she *definitely* can't depend on Arthur after he deserted her in the past. A man can't change his character overnight, can he? Yet in a world where buildings topple, *nothing* seems sure anymore. Could the wrong decision cost Kenzie her heart—and possibly her life? Approx. 350 pages each, from Bethany.

Under Northern Skies Series

Follow a close-knit family of Norwegian immigrants as they build a life in 1910 Minnesota! In *A Season of Grace,* Nilda's dreams all seem to be coming true. Working the farm with her siblings and felling trees for lumber, she savors the company of her brothers, her best friend and sister-in-law, Signe, and her mischievous nephews and adorable baby niece. Surrounded by blessings, it seems that the only thing she's missing is a husband. But when she helps her brother and sister-in-law host a housewarming party, she winds up dancing all night—and as polka, waltz, and square dance tunes fill the summer night air, it's soon clear to everybody that as "the belle of the ball" Nilda will have her choice of suitors, too.

Among the guests at the party, there's kind widower Mr. Kielund, who desperately needs a mother for his two little ones—but Nilda feels sure she's not the one to heal his grief. Fast-stepping Petter Thorvaldson makes her laugh the most, but he wants to spend the winter in a dangerous lumber camp—which fills her with trepidation. Graceful Fritz Larsson is a wonderful waltz partner, scholar, and conversationalist. But would Fritz's love for teaching English always come before his family?

Nilda knows the time is coming to focus on just one of these suitors—but she also knows any one of them could break her heart. And not *all* men are trustworthy. Just a few days ago, she dreamed again of Dreng Nygaard—a man who badly mistreated her in Norway. When she awoke in terror, her brother Ivar assured her that it was only a nightmare . . . that Dreng would never find her in America. When Nilda protested, "But he said he would get even," Ivar assured her again. "He is all threats and bombast. He's probably starved to death by now. After all, he doesn't know how to work, and his *far* refused to give him any money. He paid the ticket, put Dreng on the ship, and he was on his own."

It sounds reasonable, thinks Nilda. It was only a dream . . . and surely Dreng will never be able to find her here in Minnesota. But in a world where such people exist, is it safe to give your heart in marriage? To trust anybody outside your own flesh and blood? Is loving another person—*any* person—really worth the risk? 384 pages each, softcovers from Bethany.

His Promise

It's a white Christmas in Hart County—and Grace is pet-sitting in a lovely home with only a dachshund for company. It should be paradise for an introverted animal lover like her—but this hound is the most unsocial dog she's ever cared for! For starters, his name is Snooze—which exactly matches his personality—and he's 14 pounds of pure stubbornness. Despite all Grace's attempts to bond with him, he's making it more than obvious that he's displeased to be spending Christmas with her. He's pouting! And nothing will change his mind.

Clearly Snooze isn't going to keep Grace's Christmas "merry." But just when she begins to miss the bustle of her large rambunctious Amish family, he gets an astonishing burst of energy and darts off into the woods, where Grace runs into a familiar face—firefighter John Michael.

It turns out that John—her sister's former beau and Grace's former crush—lives right next door to Snooze and his owners. That comes in handy as he helps her track down the delinquent dog. But Grace's past with John is more than a little awkward. And just when their friendship begins to thaw, will a string of suspicious holiday fires spoil their reunion? 288 pages, hardcover from Avon Inspire.

Former New York chocolatier Bailey King loves being co-proprietor of Swissmen Sweets, her Amish grandmother's candy shop in Harvest, Ohio. Because Eric is found with Rocky's body, he becomes the target of deputy sheriff Aiden Brody's investigation—but he isn't the only person of interest. The Christmas Remedy

When young Holly Zook becomes lead technician for Greene's Pharmacy—an old-time drugstore—she knows she's choosing to follow her personal calling at a cost. Her bishop has given special permission for her to continue her education and take on the critical role of healer in the Old Order Amish community, where very few have secure health care plans. It's an honor—but it also means saying no to the dream of becoming a wife and mother.

Once Holly makes peace with her career path, her mission appears to be clear: to serve her Plain community, and help the faltering business survive in a world of "big box" stores. Spurning romance, she buckles down and focuses on treating chronic diseases such as the one that claimed her father's life. But then one snowy December Joshua Smucker comes into her life—and she's drawn to him like a warm hearth in winter. Why would God allow such a distraction? Visit the rapidly growing Amish community of Birch Creek, Ohio!

Quiet and dedicated new teacher Christian Ropp is facing his first teaching job. He moves to town intent on getting its rambunctious school in order—and finding a wife. Everything proceeds according to plan until an accident takes him out of commission for a few weeks and Ruby Glick steps in as the substitute teacher. Even though he's supposed to be resting, Christian can't keep his nose out of her business, both personal and professional. By the time the end of her tenure arrives, Ruby's relieved to be free from his hovering! So she's shocked when Christian makes her an unexpected offer that could solve several of her problems. Detective Luke Carter wouldn't trade his new position in the St. Louis Police Department for anything! In *Hidden Peril*, he investigates a murder at a local shop that sells fair trade goods.

As teenagers, Kristin Dane and her best friends vowed that they'd make the world a better place. And Kristin's store seems to be doing just that—until the employees and customers begin dying. Meanwhile, after meeting Kristin at the wedding of their mutual friend, detective Colin Flynn, Luke can't stop thinking about her, and finds he's falling for her against his will. Still in mourning after the loss of his wife three years ago, he's afraid that he's dishonoring their vows by loving somebody else.

Things became far more confusing when he discovers that Kristin's at the center of his new case—investigating a murder at her shop. Chief of police Tess O'Rourke thought she'd taken care of the drug problem in the small town of Rogue's Hollow a year ago! But when the state of Oregon legalized marijuana, farms popped up overnight in the hills around town—and she's not convinced that pot is all they're selling.

Emotions are already running high because of an upcoming vote that could make it legal to sell marijuana within the city limits. But when a well-regarded local teenager is found dead from what appears to be a drug overdose, the tension boils over. Led by the boy's grieving father, the townspeople are quick to blame the farmers—and second-guess Tess's handling of what they're sure is a murder.

Battling storms within and without, Tess could really use a friend. But her relationship with Steve Logan is now on shaky ground. And though she finds herself drawn to the quiet presence of Pastor Oliver Macpherson, anger at God over her father's death still prevents Tess from embracing the man or his faith. Up-and-coming attorney Hana Abboud practices in Atlanta, Georgia, but she was raised in Israel. As an Arab-Israeli Christian with family outside Nazareth—and as a former soldier in the IDF—she defies stereotypes and bridges cultures in her native land. So it's no wonder that when her supervisor accepts a personal injury case involving a Jerusalem terror attack, Hana is called in on the case.

As soon as video footage begins to roll in their Atlanta conference room, Hana recognizes the scene—a crowded square in the Jewish Quarter near the Western Wall, on the evening of the Sabbath. But nothing can prepare her for images of a mother and toddler who are sweetly sharing an ice cream just a moment before the mother's brutal and self-sacrificial death.

Teaming up with fellow lawyer Jakob Brodsky, Hana returns to the Middle East to seek justice for the family. But they need a third partner—an investigator on the ground to help them unravel the snarl of connections between the terrorists and an organization that can be sued in the American courts. Jon Murray's very public suicide surprises everybody! The senator's son turned on his camera phone and live-streamed his actions as he handcuffed himself to an office chair, rolled into his dad's swimming pool, and drowned. When FBI special agent Patrick Bowers is assigned to investigate, he notices a shadow of a person in a window bordering the pool. Somebody was watching Jon and did nothing to stop him.

As Patrick digs deeper, he uncovers a dark path of deadly secrets that could lead to a terrorist plot. Jon's death was only one of a number of suicides that were observed by a surreptitious onlooker. Patrick is stymied until a break in the case comes from an unlikely source. The henchman of a ruthless drug dealer and human trafficker points Patrick to a centuries-old code engraved on a tombstone. Everything She Didn't Say

It all began with Carrie Strahorn's real-life account of 25 exciting years of cross-country travel with her husband, Robert—railroad promoter, investor, and author—in *Fifteen Thousand Miles by Stage*. Now in this fictionalized account, Kirkpatrick reads between the lines of Carrie's heartfelt reflections in her journals as she looks back 10 years later and reminisces about her journey.

Depicting the poignancy, pride, grit, and daring of a determined woman who married the man she idolized—a woman who learned gradually to depend as much on herself as she did on him—Kirkpatrick teases out the true feelings Carrie hid from her original readers, and especially from herself!

Despite Carrie's insistence on not complaining and always looking for the bright side, she experiences moments of intense pain and longing. But they are never completely eclipsed by the love and laughter she cultivates so well. She learns that wealth doesn't insulate a soul from disappointment, family is essential, and pioneering is a bigger challenge than she ever imagined.

Discover how the Mother of the West made a life for herself wherever she went, and found "home" even in the midst of a rootless existence. Includes discussion questions and author interview. 336 pages, softcover from Revell.

Indivisible

Deployed to Iraq as a chaplain, Darren leaves behind an idyllic marriage. His wife, Heather, builds a supportive community among those on the base, but during their phone conversations, she senses something's changed. When Darren returns, he's no longer the same man. Can they recapture the love they once had? A story of faith and hope! 336 pages, softcover from Nelson.

Thrasher's masterful based-on-fact novelization sensitively sheds light on the hardships of military life for those serving abroad *and* at home. Simultaneously tender and tough—like its characters—the richly layered plot lays bare the human spirit wounded and graced, and, without becoming sanctimonious, unambiguously celebrates the Christian values of reliance on God and love of neighbor. A hope-filled tour-de-force that will move your heart, no matter your circumstances!

Becoming Mrs. Lewis

When poet Joy Davidman began writing to C.S. Lewis, she was looking for spiritual answers. But as they bonded through letters, she discovered faith, friendship, and love. In this historical novel, Callahan introduces us to the brilliant writer, fiercely independent mother, and passionate woman who stole the heart of the author who created Narnia. 432 pages, hardcover from Nelson.

RJ5224501 Retail $25.99 . . . . . **CBD $16.99**

In this aptly titled tale, Callahan intimately portrays the brash accomplished American who became muse to the beloved British author. Walking in Joy's shoes, you'll feel the anguish of her broken marriage and the hope she finds in her correspondence with the Oxford don. The biggest treat? Private entrance into the Kilns—where you'll smell the pipe smoke, hear the laughter, and see the glint in Jack's eyes. A frankly told story of an unlikely romance.

Cynthia Ruchti

Miles from Where We Started

Weeks away from their one-year anniversary, Mallory and Connor can't even agree on how to *end* their marriage. But then a last-minute crisis sends them on a 3,000-mile road trip that just might save the day. The catch? They'll be accompanied by an at-risk 11-year-old who shakes things up before the keys are even in the ignition! 288 pages, softcover from Gilead.

RJ701477 Retail $15.99 . . . . . **CBD $11.99**

If you've always wondered what it would be like to travel cross-country in one of those minimalist teardrop-shaped "mini campers," you'll definitely want to tag along on this redemptive journey! Ruchti's two millennial protagonists face a universal question: Can committed love *really* weather the detours, flat tires, and painful breakdowns that characterize life in our fallen world? You'll adore the "wisdom characters" they encounter during their odyssey—including a tiny abandoned dog appropriately named "Minnie" (as in "mini").

A book about the very museum I recently visited on my London vacation! What a delight to picture again the sights of Kensington. Byrd's tale feels like a Dickens novel with enchanting characters, heartfelt romance, and depiction of the divide between the old-wealth grandiosity of the country manor and the low-class squalor of debtors' prison. Add the wow factor of the precious antiquities, and this story is a wonderful read!
