

These instructions are designed to help you successfully download and install the **Logos Basic Library**.

Use a coin to scratch-off the grey surface of this sticker to reveal the code that will grant you access.

Logos Basic Library CODE:

Please Note:

- David C Cook does not provide technical support.
 - If you have any questions related to downloading, installing, or using **Logos Bible Software**, please contact them at: <https://www.logos.com/contact>.
 - If you need help finding the books in your **SLC** library . . .
 - Go to <https://support.logos.com/hc/en-us>
 - Search for **library** in the search field at the center of the page.
 - Click the link entitled **Using the Library**.

LOGOS BASIC LIBRARY

Instructions for installing **Logos Basic Library** (Free) for PC and Mac Logos Bible Software can be installed on PCs running **Microsoft Windows 10 (v1706)**, or **MacOS 10.14** and above. The computer minimum system requirements are outlined at: <https://www.logos.com/system-requirements>.

Before You Start:

We recommend you watch the **QuickStart video series** to get started for the first time. The first time you open your Logos library, look in the upper left of the browser window for the QuickStart button. These tutorials will help you feel confident in using the software. Advanced study and sermon preparation training can be found at: <http://logos.com/videos>

1. On your computer, open a web browser and visit <https://logos.com/redeem>.
2. If you already have an account, simply sign in and then move to step 3 below.
If you are new to Logos, choose **Create account**. (The account is free and does not require a credit card—only an email address.)
3. Enter the **Logos Basic Library Redemption CODE** provided above when prompted.
The additional resources will be unlocked to your account.
4. Follow the instructions on the next page to install Logos Bible Software. Your library will download automatically.
