The Heart of Cheyenne Series

Melody Doyle is tired of being constantly uprooted, living place to place while the transcontinental railroad is built under her father's supervision. She's tired of making new friends only to say goodbye. And she's especially tired of sleeping in a tent. All she wants is to settle down in Cheyenne and establish roots. But she knows as soon as her father, Clancy, heals from his back injury, they'll be pulling up stakes. Except . . .

Melody determines she's done moving.

But Clancy won't hear of his beloved daughter remaining behind alone. Cheyenne is improving, but it's still a rough town. In *A Choice Considered*, he agrees to her plans on one condition—she must be married before he leaves. And he'll round up interested suitors and interview them before they meet Melody.

Charlie Decker came to Cheyenne to take his brother's place running the Savings & Loan. His father expects him to follow along in the family business. But Charlie would rather pursue a teaching career. He quickly befriends the DoYLES and listens with interest as Melody details each romantic outing her father lines up for her. But is friendship building a stronger foundation for a future together than courting ever could? Approx. 320 pages each, softcovers from Bethany.

The Jewels of Kalispell Series

Return to turn-of-the-century Kalispell, Montana, to witness a time when the railroad was the heart of commerce . . . and majestic Glacier National Park was only the seed of an idea. You'll be dazzled by the descriptions of crystal lakes and snowcapped mountains, fascinated by the competing interests of hardworking folks in a western town, and swept up in powerful tales of perseverance, truth, and love!

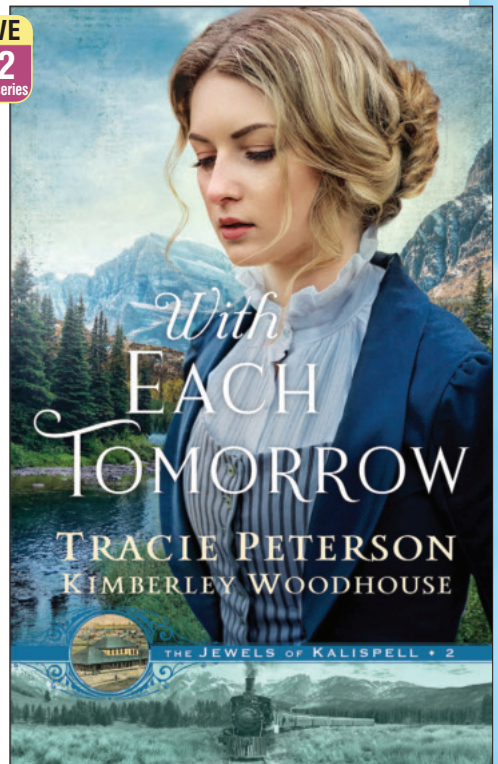

In *With Each Tomorrow*, strong-willed Eleanor and her conservationist father travel from dusty New York City to Big Sky country. Ellie's goal is to escape painful memories of her mother's death. Her father's intent is to advocate for the preservation of public land. But they soon discover that the town of Kalispell is in a flap about something else: the imminent, economically devastating departure of the Great Northern Railway.

When Ellie meets Carter—a devout and enterprising Flour Mill owner—sparks fly. Why is he so preoccupied with business? And how can he think it's *perfectly fine* for a single farmer to own 20,000 acres of land? Doesn't he realize that national treasures like Montana's abundant wildflowers and fresh air should be conserved for everyone to enjoy? Approx. 367 pages each, softcovers from Bethany.

Lake City Heroes Series

Breath-taking action abounds in Eason's latest Lake City adventure—set in the spectacular (sometimes treacherous!) mountains of North Carolina.

In *Target Acquired*, tough-as-nails tactical medic Kenzie is eager to prove her worth to her skeptical all-male SWAT team. She's well aware that some of the group aren't inclined to take her seriously. (It doesn't help that her dad is the former Chief of Police.) At least one co-worker regards her with flat-out hostility. But Kenzie's determined to keep her head down, work hard, and prove to everyone that she belongs.

The colleague Kenzie *most* wants to impress—Detective Cole Garrison—always treats her fairly. But that doesn't mean she doesn't crave his respect. (Not least because she's had an unrequited crush on him for years.) Thankfully, she has little time to worry. In this job, only *action* counts.

Case in point: the snow-dusted morning of October 15. When a call comes in regarding a robbery in progress at a nearby convenience store, Kenzie barely has time to grab her rifle and her medical kit before jumping into a speeding emergency vehicle with team members, headed toward the scene of the break-in. As real-time information pours in over the phone—three hostages, one gunman—everything falls into focus. They approach their destination. Shots ring out from inside the store, and any lingering rivalries dissolve.

Such operations can become deadly in an instant. They require total concentration and dedication from every member—from the veteran SWAT officers who silently creep through the back door to the medics on standby outside . . . right down to K9 Officer Sampson's beloved Belgian Malinois, crouched on the floor, watching his handler's face and ready to spring at the gunman, who's pointing a shaky gun at a terrified teenager behind the cash register.

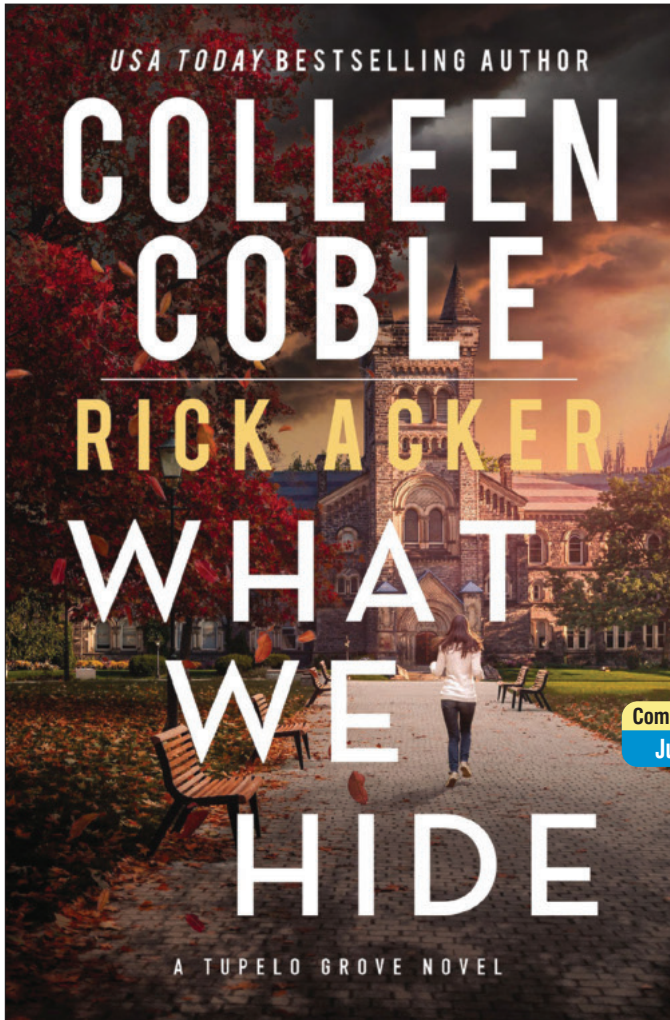

As Kenzie's drama unfolds, we readers are teased with the details of a cold case. This one is rooted in the past, in the 1940s, where Eliza, a half-drugged woman, struggles with memory loss, trying to understand why she's confined to a hospital room. Eliza's survival is critical. The ripple effects of her fate may stretch all the way into the 21st century . . . even into *Kenzie's* timeline.

With peril unfolding in the present *and* the past and at least two happy endings on the line, Eason's adrenaline-laced thriller will keep you turning pages deep into the night! 304 pages each, softcovers from Baker.

NEW! COLLEEN COBLE

COLLEEN COBLE & RICK ACKER
Tupelo Grove Series

Strange things have been happening on the campus of Tupelo Grove University since its very inception. But lately, events at “Harvard on the Bayou” have started taking a more dangerous turn! In *What We Hide*, artifacts have begun disappearing from the school’s Willard Treasure. Amassed during the institution’s early years by founder Joseph Willard, this collection includes thousands of priceless sculptures, frescoes, masks, and other historically significant objects.

While grading a stack of student work one night, history professor Savannah Webster uncovers a shocking surprise. Beneath the students’ papers is a mysterious folder. Inside are provenance letters on history department letterhead suggesting the department sold pieces of Aztec art. When Savannah shows TGU provost Beckett Harrison, he investigates and uncovers questionable behavior on the part of president Ellison Abernathy. Harrison suggests he and Savannah confront Ellison. Maybe the man has a perfectly reasonable explanation. But when they arrive at his office, Abernathy is dead. A note pinned to his lapel reads “Something Wicked This Way Comes.”

Because Savannah found the body—and has never hidden her disrespect for Ellison, both personally and professionally—she quickly becomes the police department’s prime suspect. And when a detective visiting

her home spots a copy of the well-known Ray Bradbury novel on the bookshelf, it proves nothing . . . but certainly doesn’t help matters.

Distraught, Savannah calls her estranged husband, Hezekiah. It hurts her to even think about the tragedy that drove them apart. But she has serious legal trouble on her doorstep, and despite everything that’s happened, he’s still the best lawyer she knows.

Having recently been served with divorce papers, Hez knows he should recommend a good attorney and then keep his distance. But his heart wonders whether spending time together might allow him the opportunity to show Savannah he’s changed, and convince her to give their love a second chance. So he agrees to represent her and accepts the teaching job he’s been offered on campus.

With Beckett’s help, the Websters are determined to solve this mystery. But their search for answers seems to only produce more questions . . . especially when Savannah is violently attacked after visiting the Willard Treasure’s locked warehouse. Does the assault offer any clues about Abernathy’s murder? Who is the well-read killer, and what does their note mean? And could God use these events to push Hez and Savannah back into each other’s arms? 352 pages, softcover from Nelson.

Missing in Alaska Series

As a rare-book specialist and former FBI agent, Ivy arrives in Shadow Gap, Alaska, to attain the long-lost unpublished copy of a Jack London book. After waiting an hour at the Lively Moose for Alina, the seller, Ivy realizes the woman isn't coming. In small-town spirit, a local man gives Ivy a ride to Alina's house where she finds Alina distraught because her granddaughter Danna has gone missing with the manuscript. Alina fears something sinister has occurred.

When Ivy sees a photo of Danna on Alina's mantel, the girl's dark eyes remind Ivy of her long-lost abducted sister, which immediately ignites her compassionate heart and changes her purpose for being in Alaska. Ivy determines to retrieve the lost manuscript *and* bring Danna safely home. Ivy's search leads her to the doorstep of Alaska state trooper Nolan Long—her "undefined relationship" from last September.

Recently traumatized by a drowning case, Nolan plans to follow the advice of his supervisors and take a much-needed vacation. He's set to go to sunny Florida to surprise the woman he hasn't stopped thinking about since September—Ivy Elliott. However, when a dead body is discovered in a house that then explodes, killing the investigating Alaska state trooper, Nolan trades in his warm vacation spot for an Alaskan blizzard and

the mayhem surrounding the case. Then Ivy unexpectedly arrives at his door in search of a missing girl.

Seeing Ivy again, Nolan realizes his heart is very much in danger of falling hard. But his excitement shifts to inner turmoil when he learns Ivy had no plans to contact him—when he had every intention of visiting her in Florida. Ivy misinterprets his desire to send her home as a tactic to get her out of his business when he is really trying to protect her. While misunderstandings grow, Ivy discovers a great number of children are trafficked in Alaska because it's easy to get lost in the vast terrain. When Nolan and Ivy's search bring them to a cabin, Ivy finds Danna's uncle dying, with the last words on his lips "Find her."

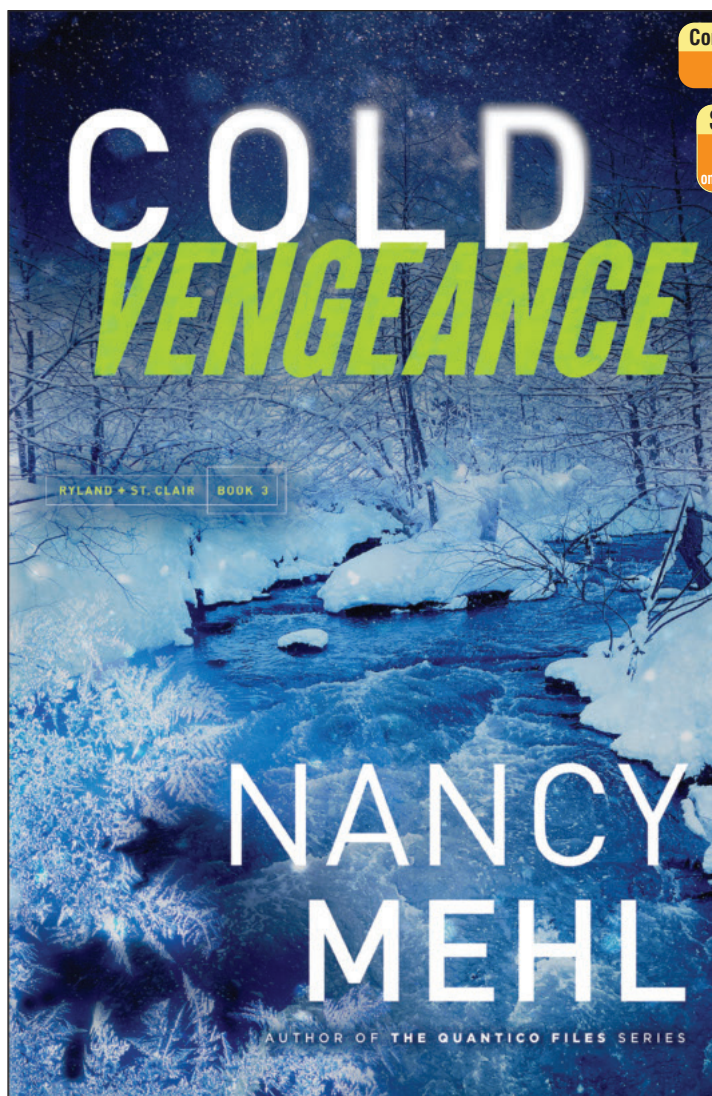

After Danna is spotted on a ferryboat camera, Nolan receives orders to join forces with Ivy. But answers seem only to raise more questions, and dangers escalate with plane and boat engine tamperings, hotel power loss, and room break-ins. Can Nolan and Ivy save a vulnerable girl and solve a decades-long mystery found *Hidden in the Night* before it's too late? Approx. 346 pages each, softcovers from Revell.

Ryland & St. Clair Series

Tony St. Clair tried to push thoughts of the deadly criminal out of his mind. It had been so long since he and his partner River Ryland put the Salt River Strangler in prison while working as FBI behavioral analysts in Arizona. Unfortunately, the convicted murderer was working with a partner—a protégé who was free—and who threatened to kill River, the only woman to survive him. After Tony and River moved to St. Louis, Tony did everything he could to protect them in their new private investigators' firm. But would it be enough to stop a madman?

Tony couldn't help dwelling on such dark thoughts as he noticed his beautiful partner, with her captivating green eyes, had been tense ever since they moved to Missouri. Even though some thought their partnership put Tony in danger, in the end the couple agreed they were safer together. Especially since they'd developed feelings for each other—feelings they'd skated around for some time now, neither one able to say the three little words that would change everything. No, River was much safer with Tony by her side. If he could keep her there.

With River's life at risk, the two investigators, determined to keep living as normally as they can, decide to take on Chris Hearn's case. Chris, a graphic designer

and well-to-do heir to his late father's fortune, is sure his girlfriend, April Bailey, who disappeared seven months ago, is still alive after he received a cryptic note telling him not to give up the search. With her family convinced she ran away, Chris has no other choice but to go to Ryland and St. Clair for help.

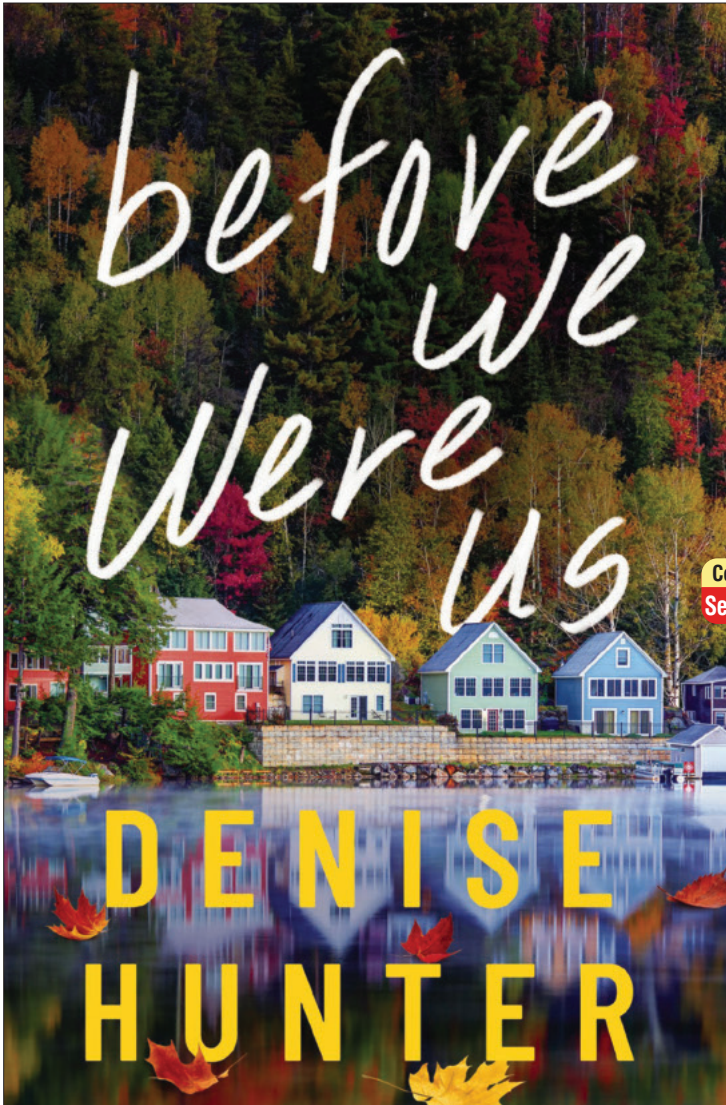

Together they determine that April was much too happy with her life and with Chris—the couple had just gotten engaged—to simply vanish. And odd details didn't add up to her leaving on her own accord. She left her purse, phone, and beloved cat behind. On top of everything, April had a podcast, *Hot Coffee and Cold Cases*, a career that had her investigating crimes, some of which left her feeling spooked.

Did April get too close to the truth this time? Had she been kidnapped . . . or worse? As Ryland and St. Clair delve deeper, they become the target of an enemy intent on silencing them. Before We Were Us

Jonah Landry is going to ask his girlfriend, Lauren Wentworth, to marry him. He has the evening planned and their dinner reservations confirmed. His sister, Meg, made the trip to Portsmouth that morning and picked up the ring from the jeweler. But only hours before the big date, as Jonah and Lauren are checking the progress of the old barn she's transforming into a wedding venue, Lauren slips and falls while descending a ladder from the hay loft.

Tests at the local hospital show no major physical injuries. But an entirely different problem soon reveals itself. Talking with her doctor, Lauren insists the date is April 28—but it's September 7. She's lost almost five months of memories, including almost all recollection of her relationship with Jonah. What *does* she remember? They'd been adversaries, and she'd had a major crush on Carson, the small-town doctor. She wants nothing to do with Jonah. On what should've been the most romantic evening of their lives, Jonah finds himself alone in a hospital waiting room because Lauren can't bear his presence. Yet he can't stand the thought of leaving her side.

The doctor offers reassurance that head injuries sometimes cause amnesia, which could disappear at any moment. Unfortunately, autumn passes without

any changes to her memory. Yet as Lauren gradually finds keepsakes from the summer in her cabin, and Jonah relates the stories behind them, they slowly rebuild a friendship. But he knows one story she won't like at all. And he's unsure when to tell it.

Lauren originally came to New Hampshire to gain management experience. She'd already landed a prestigious job in Boston as an event planner at Glitter, but the position wouldn't begin until the following January. So, CEO Olivia Stafford—a college friend of Jonah's mother—asked Lauren to manage Pinehaven. In the weeks following her accident, Lauren has been holding onto this Boston job as the one thing she's certain of.

Not wanting to set back her recovery, Jonah hesitates to tell her that before the accident, she'd called Glitter and resigned. But as the months pass and their new friendship grows, Jonah knows he must share the news—and isn't certain how. He realizes the "new" Lauren is only staying at Pinehaven to please Olivia. The "new" Lauren will almost certainly leave the moment she learns it's futile. If Jonah tells her the truth, is he surrendering his last hope of a future with her? 352 pages, softcover from Nelson.

Alaska Air One Rescue Series

Based in the resort town of Copper Mountain—surrounded by snowcapped mountains and risk-taking tourists—Alaska Air One Rescue runs on adrenaline, faith, coffee, and courage. As a reader, you get to share the life-and-death excitement from the safety of your living room!

In *One Last Chance*, Axel Mulligan lives by the spirit of the Coast Guard's creed: swimming toward danger so other people can live. He'll do anything to save lives, including sacrifice his own. So when panicking kayakers become trapped at the base of a waterfall, he barely hesitates before plunging into icy waters. But there are *some* things that make even Axel wary . . . and one is a woman who's hiding something. Keeping a deliberately low profile, so-called wildlife researcher Flynn Turnquist *is* secretive—and with good reason. She's a detective, hot on the trail of a serial killer who may know the fate of her missing twin sister, Kenzie. When Flynn answers her ham radio and receives a distress call from a freezing first responder stuck in a lifeboat, she has no idea to whom the voice belongs . . . or how their stories may be linked. Why does she feel so drawn to a stranger who might not even survive?

Meanwhile in *One Last Promise*, Axel's older brother, chopper pilot Moose Mulligan, tangles with his own challenges. He loves his job, his life, and his rou-

tines—right down to the breakfast he enjoys daily at the Skyport Diner. He always makes sure to choose one of Tillie Young's tables because she's sweet and pretty. But (Moose tells himself) he's too busy for romantic entanglements, so that's where their affinity ends.

That all changes when Tillie's abusive ex tracks her to Alaska and kidnaps her 7-year-old daughter, Hazel. Moose is not about to stand for that! His rescue instincts kick in full throttle, but it's going to take every skill he possesses to match wits with a knife-wielding predator trained in mixed martial arts and fueled by revenge.

As danger mounts, Moose realizes he'll have to decide. He can fight according to the rules and chance letting the kidnapper escape—or he can risk everything for Tillie and her child . . . even if that means going rogue. Always-faithful, law-abiding Moose never thought he'd be in this position. But lives are at stake. Is it OK to break the law if you're doing what's *right*? 288 pages each, softcovers from Revell.

Finding You

Twenty-seven-year-old banking professional Darcy Larsen still can't forgive herself for her fiancé's automobile death 18 months ago—shortly after he'd donated a kidney for her. The guilt only compounds when her successful transplant leaves her with a stockpile of questions concerning her birth parents and genetics. When Dr. Reye gives Darcy the name of a website that helps unite adopted children with their biological parents, she hesitates for fear of hurting her mom and dad who have always showered her with love.

Shockingly handsome mechanic Carter Donovan hides a host of pain beneath his stellar sense of humor, love for cars, and heart of gold. He's experienced some hard knocks. His dad deserted the family before Carter was born, his mom died when he was in middle school, he's recently experienced a medical emergency that's led to a broken engagement, and he's living with his older sister Shauna to make ends meet. With his 30th birthday approaching, medical debt looming, and no dating prospects, he's frustrated with where life has dropped him.

Following a doctor's appointment, Carter is exiting the parking lot when he hears the familiar *click-click-click* of an engine not turning over. His naturally compassionate personality drives him to help the owner of

the royal blue Lexus. Behind the wheel is beautiful sunshine-haired Darcy, searching her phone for a contact to call for help. He rescues the "damsel in distress" by offering to get her car towed to his shop and gives her a ride to work.

Their connection leaves an indelible mark on both Darcy and Carter as first impressions flash through their heads the entire week until they bump into each other again at a car show. Darcy's on an atrocious blind date but easily finds an escape to hang with Carter and marvel over the Shelby Cobra, 1969 Camaro, and Dodge Viper. A magnet-like force draws the pair together despite the inner struggles causing them to have reasonable objections—Darcy's guilt over her fiancé's death and her inability to let go of the life she anticipated, and Carter's tendency to shut people out of his problems and harbor guilt over his debt.

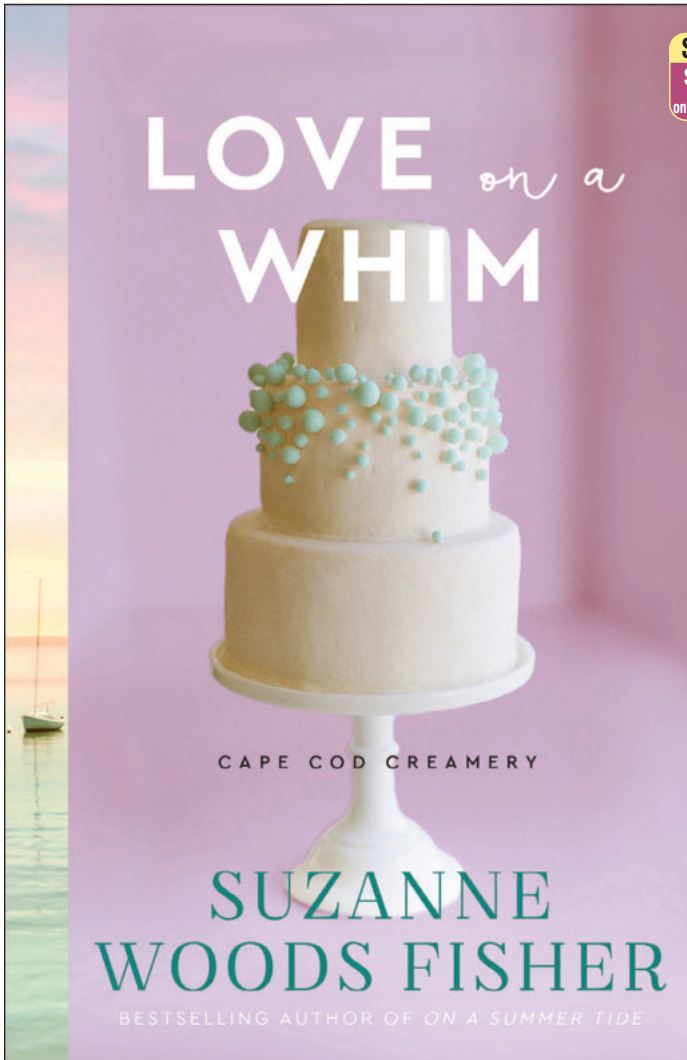

Despite their unquestionable similarities and growing attraction, can they move past years of losses to start afresh? With Darcy and Carter hiding their medical struggles and suppressing their greatest fears, can they find the courage to fully open their hearts? Will they embrace a happily-ever-after, or will this relationship become their next big mistake? 352 pages, softcover from Nelson.

DeLima for less than 24 hours, she married him—in a Las Vegas wedding chapel! Waking up the next morning, she can't believe she, of all people, fell in *Love on a Whim*. It sounds more like something her impulsive mother would do! Panicked, Brynn leaves T.D. while he's still asleep and flees to her best friend in Cape Cod. Growing up, Brynn always felt Dawn Dixon's chaotic-but-happy house felt more like home than either of Brynn's parents' places. These days, Dawn and her mother, Marnie, live in Chatham and run the Main Street Creamery together.

Marnie's boyfriend, Lincoln Hayes, has been estranged from his children for years. So when his daughter asks to get married at his Chatham cottage, he readily agrees. But the week before the wedding, her caterer's entire staff comes down with COVID-19. When Dawn's family steps in to save the day, Brynn volunteers to take care of the cake.

For reasons she can't explain, baking has always been like therapy for Brynn. In college, she even toyed with the idea of doing it for a living—before practicality prevailed. Now, with her thoughts constantly drifting back to T.D. and Las Vegas and her daredevil heart,

she needs baking more than ever. Even if that means making cake for hundreds of wedding guests.

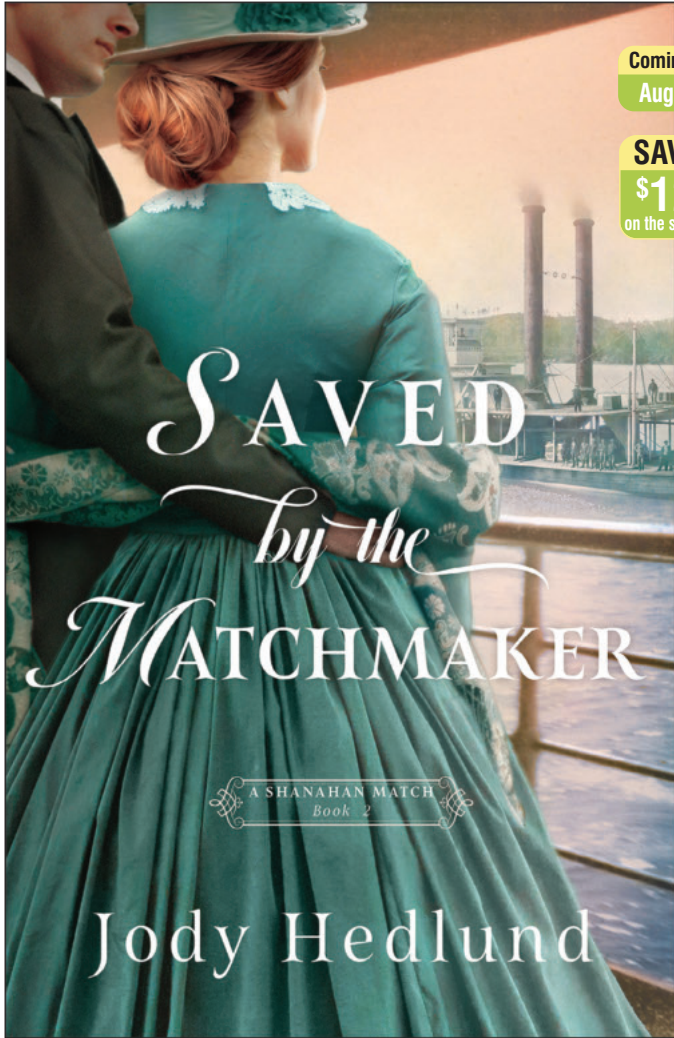

As the big day approaches, the Dixons are working nearly around the clock to ensure the event's success. But Lincoln's son, Bear, seems more interested in making trouble. A lawyer with a chip on his shoulder, he's scrutinizing the financial favors his father's done for Marnie and Dawn. If Bear gets his way, will he ruin not only Marnie's relationship with Linc but also the financial future of the family working so diligently to save his sister's ceremony?

Brynn's glad to have something keeping her busy. But all the wedding talk is a constant reminder of her own confusion over jilting T.D. Is Dawn right to search for a swift solution to cut all ties? In Brynn's life of analytics and order, was T.D. only a regrettable moment of delightful spontaneity and connection that's best put behind her? Or should she trust herself more, as Marnie suggests? NEW! ANN GABHART

The Song of Sourwood Mountain

Mira Dean's heart belonged to Edward Hamilton all the years they grew up together in Louisville, Kentucky. She dreamed of marriage to him and a life surrounded by children and the happiness they would build together. The century began with so much promise, but by 1910 all hope Mira had of a future with Edward shattered when the love of her life died in a sanatorium from tuberculosis. Left with a broken heart and few prospects, she became a schoolteacher, her students the only children she would have in her simple spinster's life.

When Reverend Gordon Covington proposes marriage to her after church on a cold January morning, Mira dismisses the gesture as a ludicrous notion. Why would she pick up and leave her life in the city for the unknowns of Sourwood, Kentucky, in the Appalachian Mountains? And why would she marry a man she didn't love? Never mind how attractive he was, or that they grew up together. Mira had resigned herself to the fact that she was a childless spinster, and at age 25, her dreams of becoming anything more were too late. But he *did* say the children in Sourwood had no

school and she *was* a devoted teacher. . . . As Mira leaves church to take the cold winter's walk back to her solitary rented rooms, Gordon gently touches her arm and asks her to open her heart to the possible path of a life with him, to be open to whatever God might have planned.

When Mira returns home and ponders her life, in her plain but serviceable kitchen, she's forced to admit to herself that her whole future seems barren, with nothing more than another cup of tea to look forward to. When she hears a knock at her door, she can't help but hope it might be Gordon Covington. Surprisingly, it's Miss Ophelia Vanderclive, an elderly spinster who had been a schoolteacher herself and was now Mira's landlady. Amish Again Series

Raised by their divorced lapsed-Amish father and English mother, Martin, Kelsey, Beth, and Jonny long for the stability of their Old Order Amish grandparents. Taking a leap of faith, the four grown grandkids travel to Millersburg, Ohio, to surprise their grandparents with their desire to become Amish.

Reeling from a recent breakup, the oldest sibling, Martin, is determined to make a fresh start. Upon arrival, he's so starstruck by the outgoing neighbor Patti standing on his grandparents' front porch that he bumbles the interaction, appearing blunt and rude.

Self-conscious about the port wine birthmark on her neck, Patti has resigned herself to never marry. But handsome Martin's arrival creates havoc—from his curt introduction, standoffish staring, and interrogations about her family. Convinced he's scrutinizing her appearance, she hastily leaves.

Martin's attempt to reinvent his life is off to a rocky start, and the surprises and misadventures are only beginning—for him and his siblings. In *A is for Amish*, will their exploits cause their grandparents to disagree with the siblings' desire to join the Amish life? As the simple life becomes inundated with unexpected and challenging rules, can Martin rekindle his passion for life? And just how much is he willing to surrender for love? 304 pages, softcover from Kensington.

Unforgiven

A skittish yet pretty recluse, Tabitha Yoder stays inside the farmhouse she won in her divorce—a divorce that cost Tabitha her place among friends and family in her former Amish community. She was only 17 and a schoolteacher when her boyfriend Leon proposed, and it saddened her students when she announced her fiancé didn't want her to work anymore. The rumors that had begun to spread about her husband's physical abuse reached a horrifying crescendo when she was rushed to the hospital after a violent outburst that cost the life of her unborn child.

Her former student, Seth, now an ex-con and only three years younger than Tabitha, is newly out of prison for the accidental death of Peter Miller. Seth makes amends by assisting the vulnerable in his former community—and Tabitha can't help but watch him chop wood and leave bags of groceries at her doorstep.

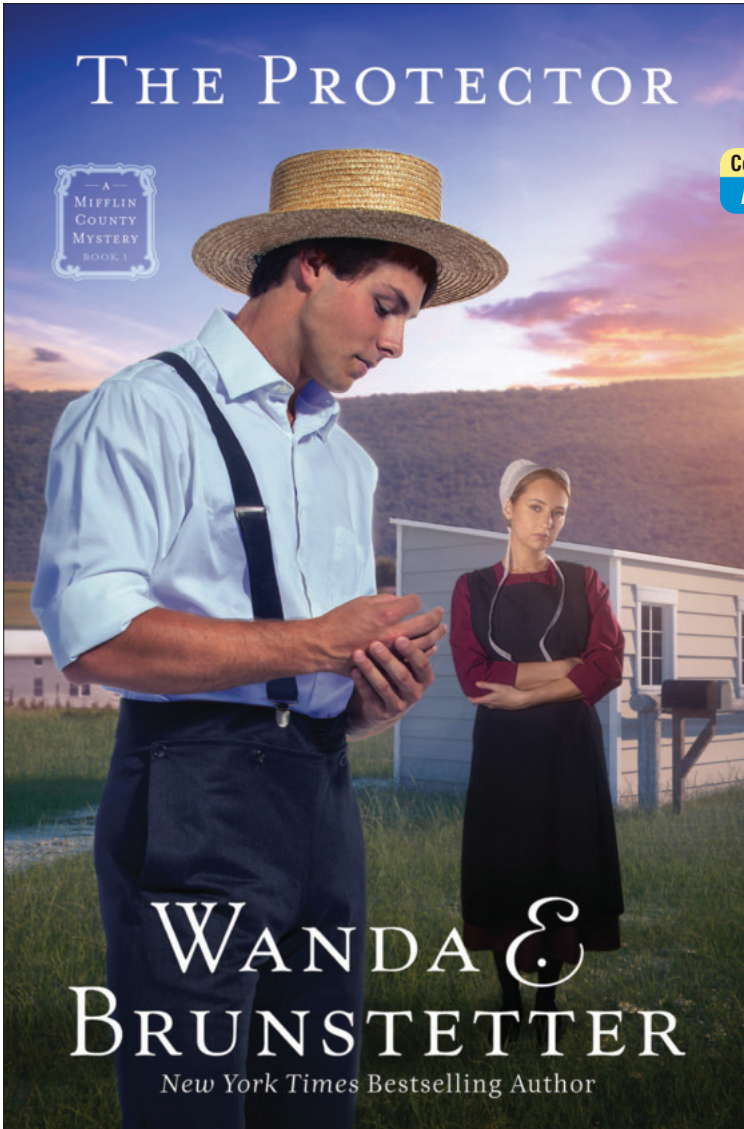

As an uneasy friendship begins to form between the two, gifts that can only be from Tabitha's ex-husband begin to appear, threatening her freedom. Can Seth protect Tabitha, or will his involvement land him behind bars again? Will these two outcasts help each other find happiness and redemption? 304 pages, softcover from Revell.

Mifflin County Mysteries

A tragedy has occurred in Mifflin County. Norman Petersheim's sister Rosa has disappeared from the Big Valley Amish community without a trace. Some believe Rosa, always a free spirit, simply ran away. Others are convinced she was kidnapped. And when the local police become involved, her ex-boyfriend Ephraim Peight becomes a suspect.

Norman grows obsessed with finding Rosa and works with the sheriff to try to uncover what happened to his sister. So far no evidence has turned up. As the stress from her disappearance spreads throughout Norman's family like a poisonous snake slithering through the grass, everyone begins to fall apart. Elsie, his mother, is sick with worry and can't stop thinking foul play has been done. His father Mahlon, a minister, has convinced himself that Rosa left of her own accord. He becomes angry and bitter about her disappearance and tells his family that Rosa will not be accepted when she returns home. Norman's younger sister, Susan, always the quiet one, has now become completely withdrawn and sullen since her older sister, outgoing and popular, especially among the boys, has gone missing. Not to mention, Susan always believed Rosa was her

mother's favorite. When Elsie begins to wither away due to stress, Susan forfeits her own needs to care for her mother—and hopefully win her approval.

With his life in shambles and under pressure to work overtime to support his family, Norman has been neglecting his girlfriend, Salina, who announces she wants him to give up the search for Rosa. Although Salina loves Norman and hopes their relationship is headed toward marriage, she also knows his obsession with finding his sister is driving them apart. Norman is shocked when she gives him an ultimatum; if there's no room in his future for Salina, then another man who *is* interested will likely step in and start courting her. In his time of crisis, Norman can't believe Salina would force him to make this choice.

Distracted by his family's problems, will Norman also allow the woman he loves to slip away from his life forever? Will he trust God to take some of the burden from his life and help heal his relationships? The first book in this compelling series, *The Protector*, asks: Can Norman find a place of peace and contentment . . . even if he never learns where Rosa is? 320 pages, softcover from Barbour.

KELLY IRVIN

Amish Calling Series

Going once. Going twice. Sold! Wisecracking, free-spirited Declan keeps his Amish friends and family laughing as their community auctioneer. But will he risk a bid on love?

In *Matters of the Heart*, he's feeling less "jokey" than usual. He wonders if soft-spoken, serious-minded Bethel King will ever consider marrying him. Declan's been smitten with her since their school days but always feared rejection. Now they're both in their twenties, and she appears too busy caring for her siblings to give him a second look.

It's true that Bethel is preoccupied by the needs of her younger brothers and sister. They suffer from a rare progressive form of muscular dystrophy—and she's fiercely loyal to her family. But that's not the only reason she's resisting the idea of romance.

Muscular dystrophy is an inherited disorder. Bethel knows there's a good chance she carries the gene and could pass it to her children. Besides, she's introverted and serious. The exact opposite of fun-loving Declan. They'd never work as a couple—would they?

When an unexpected health crisis turns Declan's world upside down, the two friends are thrown together once more. Could their personality "mismatch" be part of God's beautiful design? 352 pages each, softcovers from Zondervan.

Finding the avian holdings in disarray, Elsa must search the house for the field notebooks needed to do her job. The Emissaries Series

After hearing a Jewish rabbi named Paulos speak in the town center, Mariana and her mother, Hester, put their faith in Yeshua as the one true God. As Corinthians, they discreetly abstain from worshipping the Roman gods, but dissent would not be tolerated by Mariana's stepfather, Chief Magistrate Narkis, and stepsister Prima. Mariana and Hester must be careful in their outward deportment toward Adonai.

Mariana and Prima are well past the marriageable age of 15 because their powerful father promises only the most advantageous marriages to influential and wealthy men of Corinth. With the forthcoming arrival of the new governor of Achaea, Narkis is delighted at the golden opportunity to propel himself to prominence by uniting the families. He plans a dinner to introduce his daughters to the governor's son Marcus.

Mariana doesn't desire to wed a man devoted to Roman gods and tries to fade into the background, allowing selfish Prima the prospect of procuring this esteemed marriage. NEW! SARAH LADD

Houses of Yorkshire Series

It's a glimpse into a whole new life—one where Olivia Brannon could be independent, valued, and provide for her younger sister Laura. Not an easy feat for a 22-year-old single woman in London, England, in 1818. Their late father, and owner of Brannon Antiquities & Company, never permitted his daughters to travel, not after their mother died of diphtheria on a sea voyage to Italy. But despite Olivia's sheltered upbringing, and the inconvenient fact that she isn't an official antiques broker yet, Mrs. Agnes Milton, widow of Brannon Antiquities & Company's most influential client, has invited Olivia to come to Cloverton Hall to evaluate the antique chinoiserie collection.

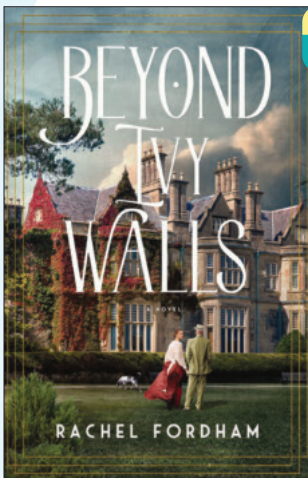

Olivia soon learns that after the death of Francis Milton, the estate passed on to the new master of Cloverton Hall, Mrs. Milton's nephew George Wainbridge—who firmly believes that the estate, and everything in it, is rightfully his. Olivia will have to work under the guise of a houseguest at George's glittering housewarming party, her board and glamorous gowns all compliments of Mrs. Milton. Olivia can't pass up the opportunity for a life in the world of antiques, the world her father once thrived in, even if she must work in secret.

When antiques broker Lucas Avery meets George Wainbridge at a gentlemen's club, Lucas realizes this is the last opportunity to salvage what is left of his father's business, Avery & Sons. Mr. Milton left George's inheritance in financial shambles, and George hopes to recoup some of the losses through the sale of the Cloverton Hall chinoiserie collection. Lucas knows the perfect buyers are within the nouveau riche in America, but he'll have to work under the nose of George's entitled aunt Mrs. Agnes Milton, who lords over his inheritance as if she were still mistress of the manor. George has the perfect solution—he'll invite Lucas as a houseguest to the Cloverton Hall housewarming party and, in secret, Lucas will evaluate the collection.

As soon as Olivia and Lucas arrive at the house party, they recognize each other as business rivals. When they discover forgeries among the antiques, they reluctantly join forces to determine the scope of the deception. As an undeniable bond forms between the pair, one of the most famous pieces in the collection is broken and everyone becomes suspect. Can Olivia and Lucas pull off *The Cloverton Charade*, risking not only their professional reputations but also their hearts? 352 pages, softcover from Nelson.
