

BIG QUIZ

Purpose: The BIG QUIZ reinforces the BIG IDEA through an interactive question and answer time.

Resource: BIG PICTURE DVDs contain the BIG QUIZ videos.

How to use:

Emcee will need to be upfront talking through with the BIG QUIZ video.

They need to read out the question and answer as soon as it appears on the screen.

Emcee should make the segment exciting and fun for the children.

1. Introduce the BIG QUIZ segment to the children just before you play the video.
2. Read out Question 1 aloud as it appears on the screen.
e.g. Hey, Question 1 asks 'What could separate us from the love of God?'
3. Read out aloud each possible answer as they appear on the screen
e.g. A – Our fears, B – Our actions, C – Nothing!
4. The child on the video then thinks about their answer and then chooses one. The chosen answer will have an animated circle appear around it, which is the timer before the correct answer is shown. The Emcee can ask 'Which children in the audience agrees with the chosen answer? Who disagrees? Who thinks it's A? Who thinks its B? Who thinks its C?'
5. A tick will show if the child on the video choose the correct answer or a cross will appear if it was incorrect. Only the correct answer will remain on the video. Emcee to highlight the correct answer
6. Emcee moves onto next question, and repeats the process.

Length: approximately 3 minutes.
